Onyang Hot Springs

Onyang Hot Springs is the oldest hot spring in Korea, founded about 1,300 years old and has been operating as a hot spring for about 600 years. The combination of the quality of water and famous accommodations nearby has made this hot spring a hot item for many tourists. As there are 120 hotels and motels in this area, the whole city is sometimes known as a hot spring city. They also have swimming pools that are popular for using hot spring water. Every year over five million tourists are welcomed here.
